ABOUT US
BUSINESS PHILOSOPHY
MISSION - VISION

COMPANY POSITIONING

Focused on health-driven sleep solutions
OEM & export-oriented manufacturer
Specialist in natural latex mattresses designed
for spinal support and long-term sleep health.

ABOUT US

Founded in 2020, Felix Mattress Co., Ltd. is a Vietnamese manufacturer specializing in 100% natural latex mattresses, toppers, and pillows.

Felix focuses on developing health-driven sleep solutions, particularly for users seeking spinal support, pressure relief, and long-term comfort.

With a dedicated manufacturing facility and a latex-focused production approach, Felix supports both domestic brands and international partners through flexible OEM and private label manufacturing services.

OUR VISION AND MISSION

VISION

To become a trusted Vietnamese OEM manufacturer of natural latex sleep products for global markets.

MISSION

Improve sleep quality and spinal health through scientifically designed natural latex products.

Deliver safe, certified, and traceable materials that meet international standards.

Support global partners with flexible OEM solutions, consistent quality, and transparent manufacturing processes.

OUR **NATURAL LATEX PRODUCTS' ADVANTAGES**

Felix specializes exclusively in 100% natural latex, using the Dunlop process to ensure durability, resilience, and consistent support.

Key advantages of Felix natural latex products include:

- Excellent spinal alignment and pressure relief
- High point elasticity with stable support
- Naturally antibacterial and hypoallergenic properties
- Breathable open-cell latex structure for thermal comfort
- Long service life under normal residential use

RAW MATERIAL & SUSTAINABILITY

Felix sources natural latex from reliable Vietnamese rubber suppliers, ensuring stable quality and long-term availability.

Our raw material supply chain is selected with an emphasis on:

- Environmental responsibility
- Consistent latex formulation
- Compliance with international material safety requirements

Natural latex used in Felix products can be supported by PEFC / FSC-certified supply chain documentation, as well as material safety test reports upon request.

MANUFACTURING CAPACITY

Factory area: 2,500 m²
Monthly capacity: 1,300 – 1,500 mattresses per month

Felix operates a dedicated manufacturing facility designed specifically for natural latex mattress production.

Key manufacturing capabilities include:

- In-house latex molding and cutting.
- Mattress cover sewing with removable zipper design.
- Stable latex storage and batch control system.
- Flexible production planning for OEM projects.

ISO 9001:2015

QUALITY MANAGEMENT SYSTEM

Felix implements a structured quality management system in accordance with ISO 9001:2015, covering production, quality control, and logistics processes.

Our quality management approach includes:

- Incoming raw material inspection In-process quality monitoring.
- Final product inspection and traceability.
- Sample retention and production log records.

This system ensures consistent product quality and transparency for OEM and export partners.

**PRODUCT
RANGES**

NATURAL LATEX TOPPER

Designed as an additional comfort layer to enhance surface softness and pressure relief without changing mattress structure.

Technical Reference / OEM Base Specs

Core material	100% Natural Latex	Firmness level	Soft-Medium
Latex process	Dunlop	Structure	Ventilated open-cell latex Natural
Thickness	5cm		

Applications

Asia markets preferring softer comfort
Hospitality & residential OEM
Entry-mid segment latex mattress lines

OEM Customization Options

Adjust density & firmness within comfort range
Custom mattress thickness & dimensions
Fabric cover design (knitted / quilted / branded label)
Private label logo & packaging
Export packing configuration (rolled / flat, carton or PE bag)

NATURAL LATEX MATTRESS

PREMIUM COMFORT RANGE

PREMIUM SUPPORT RANGE

SILVER NANO CARBON RANGE

PREMIUM COMFORT RANGE

Designed for customers seeking a softer surface feel with balanced ergonomic support, suitable for lightweight users, side sleepers, or markets preferring enhanced comfort.

TECHNICAL REFERENCE / OEM BASE SPECS

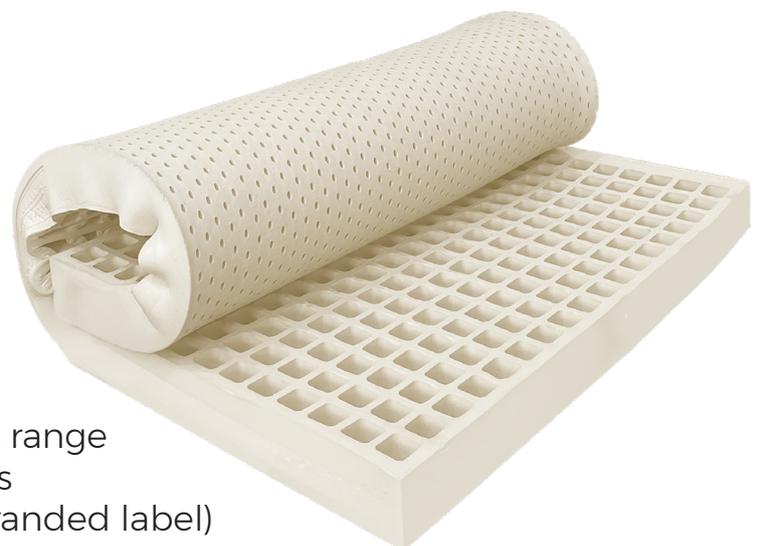

Core material	100% Natural Latex
Latex process	Dunlop
Density range	160-180 kg/m ³
Thickness options	5 / 10 / 15 / 20 cm
Firmness level	Medium / Comfort
ILD reference	330-360
Latex color	Natural
Structure	Open-cell latex with ventilation pinholes
Standard sizes	As per customer request (EU / Asia / US compatible)

APPLICATIONS

Asia markets preferring softer comfort
 Hospitality & residential OEM
 Entry-mid segment latex mattress lines

OEM CUSTOMIZATION OPTIONS

Adjust density & firmness within comfort range
 Custom mattress thickness & dimensions
 Fabric cover design (knitted / quilted / branded label)
 Private label logo & packaging
 Export packing configuration (rolled / flat, carton or PE bag)

PREMIUM SUPPORT RANGE

Engineered for higher firmness and stable spinal support, ideal for users with back pain, elderly users, or markets demanding firmer sleep surfaces.

TECHNICAL REFERENCE / OEM BASE SPECS

Core material	100% Natural Latex	Firmness level	Firm / Extra-Firm
Latex process	Dunlop	ILD reference	350-400
Density range	180-200 kg/m ³	Latex color	Natural
Thickness options	5 / 10 / 15 / 20 cm		
Structure	High-resilience open-cell latex		
Support Level	High spinal alignment		

APPLICATIONS

Health-focused sleep brands
 Back & spine support product lines
 Mature consumer markets (Japan, Korea, Taiwan)

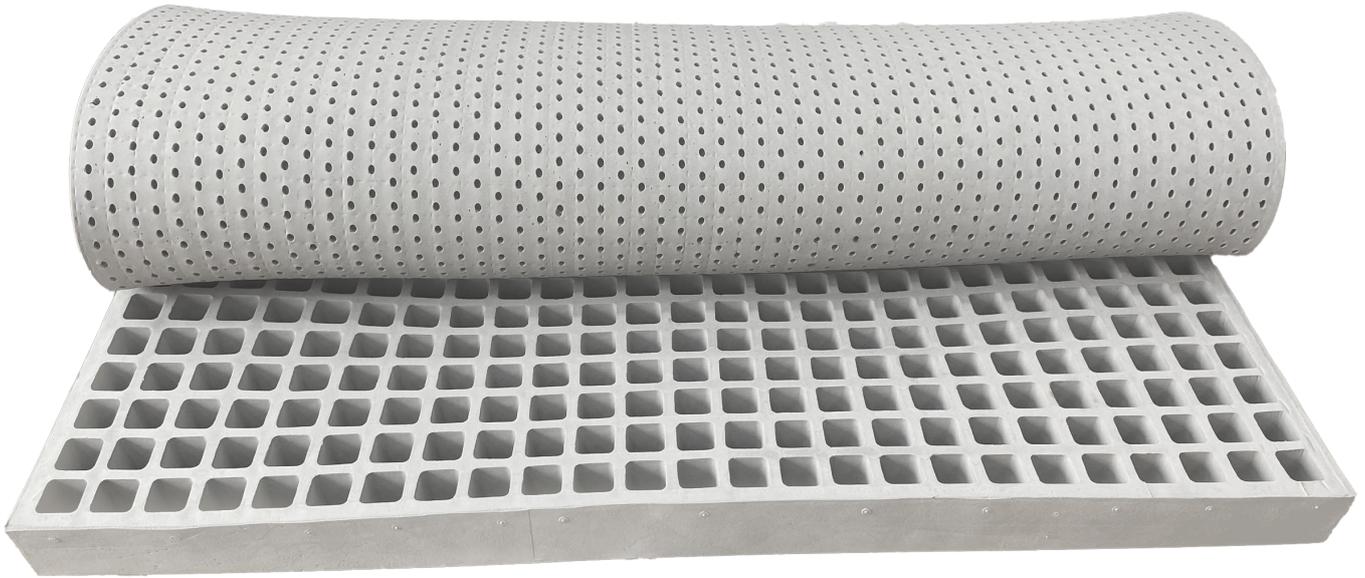

OEM CUSTOMIZATION OPTIONS

Firmness tuning by density & ILD
 Zoned or uniform pinhole structure (upon request)
 Mattress height & size customization

OEM & PRIVATE LABEL CAPABILITIES

Felix provides comprehensive OEM and private label manufacturing services for international partners.

OEM customization options include

- Mattress firmness, density, and thickness
- Product dimensions and tolerance control
- Fabric cover design and branding
- Packaging configuration and labeling
- Export documentation and compliance support

Felix is actively developing OEM and private label manufacturing capabilities for partners targeting international markets, with a strong emphasis on technical accuracy and production consistency.

OEM/PRIVATE LABEL COOPERATION PROCESS

Felix follows a clear and transparent OEM workflow to support international partners from initial inquiry to shipment.

- Step 1** OEM inquiry & technical requirement discussion.
- Step 2** Product specification confirmation & sample development.
- Step 3** Sample approval and commercial agreement.
- Step 4** Mass production & quality control.
- Step 5** Final inspection, packing, and export shipment.

WARRANTY & MANUFACTURER RESPONSIBILITY

For international OEM and export markets, Felix provides manufacturer responsibility limited to manufacturing defects identified at the time of delivery.

Any consumer warranty programs, if applicable, shall be managed by the importer or local distributor in accordance with local regulations.

Product lifespan references (up to 10 years under normal residential use) are provided for technical reference only and do not constitute a warranty commitment.
